

Fannie Mae Assistance Options for Homeowners Impacted by COVID-19

WASHINGTON, DC – March 18, 2020 – Fannie Mae (FNMA/OTCQB) wants to help ensure families are given options in these uncertain times in the case of job loss, a reduction in work hours, illness, or other issues. We want to remind those impacted by COVID-19 of available mortgage assistance and relief options. Under Fannie Mae's guidelines for single-family mortgages:

- Homeowners who are adversely impacted by this national emergency may request mortgage assistance by contacting their mortgage servicer
- Foreclosure sales and evictions of borrowers are suspended for 60 days
- Homeowners impacted by this national emergency are eligible for a forbearance plan to reduce or suspend their mortgage payments for up to 12 months
- Credit bureau reporting of past due payments of borrowers in a forbearance plan as a result of hardships attributable to this national emergency is suspended
- Homeowners in a forbearance plan will not incur late fees
- After forbearance, a servicer must work with the borrower on a permanent plan to help maintain or reduce monthly payment amounts as necessary, including a loan modification

Fannie Mae also offers help navigating the broader financial effects of this national emergency to homeowners with a Fannie Mae-owned mortgage through its Disaster Response Network*, including:

- A needs assessment and personalized recovery plan
- Help requesting financial relief from insurance, servicers, and other sources
